

*Hi-Tech Doors offers a comprehensive range of door repair and maintenance services throughout Brisbane, Sunshine Coast, Gold Coast and Beaudesert.*

**Hi-Tech Doors was created by Byron Ingram, a highly experienced technician with a thorough knowledge of almost all makes and models of garage doors, motorised doors and gates.**

### **Fast Response Time**

When you call us we will respond quickly. We are well aware of the inconveniences and difficulties that can be caused by a door or gate that doesn't want to cooperate.

You'll be glad to know that we can handle almost all enquiries on the same day and will do our best to help you immediately in an emergency.

### **Affordable Service**

Expert knowledge helps us get your job completed more efficiently - saving you money. At Hi-Tech doors we do not exclusively represent any particular brand. We can service all brands including those required for warranty repairs and insurance work.

The parts and products we recommend and supply are determined by the quality, performance and reliability they offer and not based on a sales margin.

### **Our Policy - Do it Right the First Time!**

At Hi-Tech Doors we take pride in our work. Whether you need us for roller door maintenance, repairing a garage door motor, or installing a new part we want you to be confident that we will do the job right.

So confident in fact, that we guarantee all workmanship on every job we do. All work, including commercial door repairs, comes with a 100% workmanship guarantee for 3 Months.

### **Supply & Installation**

At Hi-Tech Doors we are committed to supplying and installing quality parts and products:

- » Supplying Products You can Rely on
- » Door & Motor Installation
- » Add a Motor to an Existing Door or Gate

### **Warranty & Repairs**

Our motto at Hi-Tech Doors is to do the job right the first time. To back that up we offer a minimum 3 month warranty on all workmanship performed as part of the services we offer.

### **Garage Doors**

Whether your garage door rolls, tilts, lifts, is motorised, not motorised, double, single.... we can help. Any make, any model, we've got you covered. And it doesn't matter if you want help with the door, the motor, the remote control we'll get you sorted.

### **Gates**

Our technicians can help with all residential, commercial and industrial motorised gates and even boom gates. Whether they are automatic or remote controlled gates, if they have a motor, we can help.
